Higher Secondary with 76.2%

Mar 2009 – Mar 2011

Melera High School || Melera, West Bengal
Higher Secondary with 81.2%

Passing Year – 2009

PROJECTS INVOLVED

CrossCountry Mortgage [Link](#) || *Vue.js, TypeScript, HTML5, CSS3, SASS, LESS*

Company – V2Solutions

- Contributed to the **CrossCountry Mortgage** project as part of the V2 Solutions development team, developing responsive, scalable, and user-focused web interfaces.
- Converted **Figma/Zeplin mock-ups and wireframes** into pixel-perfect, responsive web interfaces with cross-browser and cross-device compatibility.
- Created and maintained **End-to-End (E2E) test cases** for UI automation, supporting automated functional and regression testing.
- Performed **debugging, issue analysis, defect resolution, cross-browser testing, and functional testing** throughout the development lifecycle.
- Worked in an **Agile/Scrum environment**, participating in daily stand-ups, sprint planning, ticket management, task tracking, code reviews, and sprint activities.
- Collaborated with **UI/UX designers, developers, QA engineers, and business stakeholders** to deliver features within project timelines.
- Supported **production releases and post-deployment issue resolution**, ensuring application stability and timely delivery.

Jobs In Education [Link](#) || *Next.js, ReactJS, MUI, Bootstrap 5, HTML5, SASS*

Company - ATPL

- Developed reusable **UI components and application pages** using React.js, MUI, HTML5, and SASS.
- Led the development of a **responsive, user-friendly web application** using React.js and Material UI.
- Utilized Material UI's pre-built components, including **buttons, grids, navigation elements, and reusable UI components**, to rapidly prototype and implement user interfaces.
- Ensured **cross-browser and cross-device compatibility** to deliver consistent application behavior and responsive design.
- Analyzed and resolved **production bugs and UI defects** reported by users and the live testing team.

Ponea Health [Link](#) || *Next.js, ReactJS, MUI, HTML5, SASS*

Company - Navsoft

- Collaborated with the onsite team to understand and implement **UI/UX requirements**.
- Translated **Figma designs and wireframes** into pixel-perfect, reusable React.js components and responsive application pages.
- Enhanced web application performance by **optimizing CSS and React.js components**.
- Developed and modified responsive web interfaces to improve **user experience, usability, and performance**.

Buchheits [Link](#) || *Angular 13, Angular Material UI, HTML, CSS*

Company - Navsoft

- Developed reusable **Angular components and responsive application pages** using Angular Material UI, HTML5, and SASS.
- Collaborated with business stakeholders and project managers to understand **UI requirements and user interface solutions**.
- Built new application features and implemented **third-party integrations**.
- Developed responsive web applications using **Angular and Angular Material UI components**.
- Optimized application performance using **lazy loading, AOT compilation, and state management**.
